  7. At no time may the amount of all deposits and alternatives provided exceed 3 months of charges for all interconnection services provided by **Source Cable Limited** to the Telecommunications Provider under this Tariff.

---

**PART A Definitions and General Terms****ITEM 102. General Rights and Obligations - continued****8. Non-Disclosure of Confidential Information**

No request is necessary where a problem in service lasts 24 hours or more from the time **Source Cable Limited** is advised of the problem. However, where the problem is occasioned by **Source Cable Limited** negligence, **Source Cable Limited** is also liable for the amount calculated in accordance with Item 102.10.2.

**10. Limitation of Source Cable Limited's Liability**

1. These Terms do not limit **Source Cable Limited's** liability in cases of deliberate fault, gross negligence, anti-competitive conduct, breach of contract where the breach results from the gross negligence of **Source Cable Limited**, or disclosure of confidential information contrary to Item 102.8.
2. Except with regard to physical injuries, death, or damage to a Telecommunications Provider's premises or other property, occasioned by its negligence, **Source Cable Limited's** liability for negligence, and for breach of contract where the breach results from the negligence of **Source Cable Limited**, is limited to three times the amounts refunded or cancelled in accordance with Item 102.9, as applicable.

2. In exceptional circumstances, prior to the normal billing date, **Source Cable Limited** may request payment from a Telecommunications Provider, on an interim basis, for non-recurring charges that have accrued, by providing notice to the Telecommunications Provider with details regarding the services and charges in question. In such cases, subject to Item 102.11.3, the charges can be considered past due 3 days after they are incurred, or 3 days after **Source Cable Limited** demands payment, whichever comes later.
3. No charge disputed by a Telecommunications Provider can be considered past due unless **Source Cable Limited** has reasonable grounds for believing that the purpose of the dispute is to evade or delay payment. **PART A Definitions and General Terms****ITEM 102. General Rights and Obligations - continued****12. Liability for Unbilled and Underbilled Charges**

1. Telecommunications Providers are not responsible for paying a previously unbilled or underbilled charge for interconnection services provided under this Tariff except where:

  2. in the case of a non-recurring charge, it is correctly billed by **Source Cable Limited** within a period of 150 days from the date it was incurred.
2. In the circumstances described in Item 102.12.1, **Source Cable Limited** cannot charge a Telecommunications Provider interest on the amount of the correction. If the Telecommunications Provider is unable to promptly pay the full amount owing, **Source Cable Limited** must attempt to negotiate a reasonable deferred payment agreement.
3. Items 102.12.1 and 102.12.2 above shall not apply in circumstances where there has been deception by the Telecommunications Provider with regard to a charge for interconnection services.

**13. Liability for Charges that Should Not Have Been Billed and Those That Were Overbilled**

1. In the case of a recurring charge that should not have been billed or that was overbilled, a Telecommunications Provider must be credited with the excess back to the date of the error, subject to applicable limitation periods provided by law. However, a Telecommunications Provider that does not dispute the charge within one year of the date of an itemized billing statement which shows that charge correctly, loses the right to have the excess credited for the period prior to that statement.
2. Non-recurring charges that should not have been billed or that were overbilled must be credited, provided that the Telecommunications Provider disputes them within 150 days of the date of the billing statement.
3. A Telecommunications Provider that is credited with any amount that should not have been billed or that was overbilled must also be credited with interest on that amount at the rate payable for interest on deposits that applied during the period in question.

---

**PART A Definitions and General Terms****ITEM 102. General Rights and Obligations - continued****14. Minimum Contract Period**

The minimum contract period for **Source Cable Limited's** interconnection services is one month commencing from the date the interconnection services are provided, except where a longer minimum contract period is stipulated in either **Source Cable Limited's** Tariffs or an agreement between **Source Cable Limited** and the Telecommunications Provider.

**15. Telecommunications Provider - Initiated Cancellation or Termination of Service**

1. A Telecommunications Provider which cancels or delays a request for service before installation work has started cannot be charged by **Source Cable Limited**. Installation work is considered to have started when the Telecommunications Provider has advised **Source Cable Limited** to proceed, and **Source Cable Limited** has incurred any related expense. A Telecommunications Provider which cancels or delays a request for service after installation work has started, but before service has started, will be charged the lesser of the full charge for the entire minimum contract period plus the installation charge or the estimated costs incurred in installation less estimated net salvage (referred to hereinafter as "cancellation charges"). The estimated installation costs include the cost of non-recoverable equipment and materials specifically provided or used plus the cost of installing, including engineering, supply expense, labour and supervision, and any other disbursements resulting from the installation and removal work.
  2. A Telecommunications Provider which gives **Source Cable Limited** reasonable advance notice may terminate service after expiration of the minimum contract period, in which case it must pay charges due for interconnection services which have been furnished.
  3. Notwithstanding Item 102.15.1, **Source Cable Limited** may waive its rights, in their entirety or in part, to claim cancellation charges in the case where the Telecommunications Provider wishes to replace the interconnection services by one or more of **Source Cable Limited's** interconnection services of equal or greater value to the cancelled interconnection service.
- 16. Source Cable Limited - Initiated Suspension or Termination of Service**
1. For greater certainty, the phrase "reasonable advance notice" as used in this Item 102.16 will generally be at least 30 days.

**PART A Definitions and General Terms****ITEM 102. General Rights and Obligations - continued****16. Source Cable Limited -Initiated Suspension or Termination of Service - continued**

  2. fails to provide or maintain a reasonable deposit or alternative when required to do so pursuant to these Terms;
  3. fails to comply with the provisions of a deferred payment agreement;
  4. repeatedly fails to provide **Source Cable Limited** with reasonable entry and access in conformity with Item 102.5.1;
  5. uses or permits others to use any of **Source Cable Limited's** interconnection services so as to prevent fair and proportionate use by others;
  6. contravenes Item 102.7; or
  7. fails to provide payment when requested by **Source Cable Limited** pursuant to Item 102.11.4.
3. **Source Cable Limited** may not suspend or terminate service in the following circumstances:
1. where the Telecommunications Provider is prepared to enter into and honour a reasonable deferred payment agreement; or
  2. where there is a dispute regarding the basis of the proposed suspension or termination, provided payment is being made for undisputed outstanding amounts and **Source Cable Limited** does not have reasonable grounds for believing that the purpose of that dispute is to evade or delay payment.
4. Prior to suspension or termination, **Source Cable Limited** must provide the Telecommunications Provider with reasonable advance notice, stating:
1. the reason for the proposed suspension or termination and the amount owing, if any;
  2. the scheduled suspension or termination date; and
  3. subject to contrary provisions of this Tariff or as approved by the CRTC, that a reasonable deferred payment agreement can be entered into (where the reason for suspension or termination is failure to pay).
5. Where repeated efforts to contact the Telecommunications Provider have failed, **Source Cable Limited** must, at a minimum, deliver the notice referred to in Item 102.16.4 to the billing address prior to delivering the notice referred to in Item 102.16.6.

---

**PART A Definitions and General Terms****ITEM 102. General Rights and Obligations - continued**

16. **Source Cable Limited -Initiated Suspension or Termination of Service - continued**
6. In addition to the notice required by Item 102.16.4, **Source Cable Limited** must, at least 24 hours prior to suspension or termination, advise the Telecommunications Provider or another responsible person that suspension or termination is imminent, except where:
    1. repeated efforts to so advise have failed;
    2. immediate action must be taken to protect **Source Cable Limited** from network harm resulting from facilities controlled or provided by the Telecommunications Provider; or
    3. the suspension or termination occurs by virtue of a failure to provide payment when requested by **Source Cable Limited** pursuant to Item 102.11.4.
  7. Except with the Telecommunications Provider's consent or in exceptional circumstances, suspension or termination may occur only on business days between 8 a.m. and 5 p.m., local time, unless the business day precedes a non-business day, in which case disconnection may not occur after 12 noon local time.
  8. Suspension or termination does not affect the Telecommunications Provider's obligation to pay any amount owed to **Source Cable Limited**.
  9. In the case of interconnection services that have been suspended, unless suspension occurs during the minimum contract period, **Source Cable Limited** must make a daily pro rata allowance based on the monthly charge for such interconnection services.
  10. **Source Cable Limited** must restore service, without undue delay, where the grounds for suspension or termination no longer exist, or a payment or deferred payment agreement has been negotiated. Service charges may apply.
  11. Where it becomes apparent that suspension or termination occurred in error or was otherwise improper, **Source Cable Limited** must restore service the next day, at the latest, unless exceptional circumstances do not permit this, and no reconnection charges shall be levied.
17. **Assignment**
- The Telecommunications Provider cannot assign its rights or obligations pursuant to this Tariff without having obtained the prior written consent of **Source Cable Limited**, which consent shall not unreasonably be withheld.

---

**PART A Definitions and General Terms****ITEM 102. General Rights and Obligations - continued****18. Right of Access**

When a Telecommunications Provider offers services to tenants within a multi-tenant building, it must provide **Source Cable Limited** with direct access, under reasonable terms and conditions, to tenants who choose to receive services to which a right of direct access has been mandated by the CRTC from **Source Cable Limited** rather than, or in addition to, services from the Telecommunications Provider.

**PART A Definitions and General Terms****ITEM 103. Payment of Charges**

1. The customer is responsible for payment to **Source Cable Limited** of charges for all service and equipment furnished. Fixed charges are billed and payable monthly in advance and other charges are payable when billed except as otherwise stated in Item 102.11.2.
2.
